

FACTSHEET

Introduction

In the subcontinent of the southwest of India lies one of the most outrageously beautiful island nations in the world, Maldives. Unashamed of its natural and geographical settings, the islands are scattered like ivory pearls, where one would leave a Fiyavalhu - a footprint, for a moment in time.

Resort

The Resort features 20 villas on the beach and 24 villas located by the garden, which range from one-bedroom to two-bedroom. The main facilities such as the reception, restaurants, public pools, water sports, and boutique shop are located within close proximity to all the villas.

The resort embraces the first “Resort on a local island” concept that creates a unique experience for guests on the island.

Getting Here

Fiyavalhu Maldives is accessible by both seaplane and domestic flight from Velana International Airport. The commute to the resort is approximately 30 minutes by seaplane or a 25-minute domestic flight and 30 minutes speed boat transfer from Villa International Airport in Maamigili.
